

I am concerned about Sinclair broadcasting's decision to force my local FOX station to air "Stolen Honor". It is clearly in their financial interest to sway public opinion but it is not in the best interest of the citizens of a democracy to have public airwaves controlled by large corporations that may not be held accountable for the information they choose to present. In light of Sinclair's decision to set this precedent please consider strengthening media ownership laws and the license renewal process so that citizens can be ensured a reasonably unbiased free press that presents the issues that matter.
